PROJECT YEAR - Based on a calendar year. Current project year is same year as current Fair.

1. **Acquired** - List the date you obtained this item, on items older than 1 years, the year will be sufficient.
2. **Purchase cost or value** - What did this item cost when you obtained it? (Fair market value)
3. **Value at Beginning of Project** - Same as purchase cost for items purchased current calendar year. On items from previous years this should be the value from last year's ending inventory or depreciated value of 10% of purchase cost per calendar year.
