---------------	---

The Purpose of this animal project is to achieve the following:

- a. To acquire an understanding of the animal industry by preparing for, purchasing, caring for, and keeping records on one or more head of animals.
- b. To be able to identify the types and breeds of animals and employ efficient methods of production and marketing.
- c. To understand the business aspects and economics of purchasing animals, feed facilities, and equipment for an animal project.
- d. To develop integrity, sportsmanship, and cooperation
- e. To develop leadership abilities, build character, and become responsible citizens.

## Setting Project Goals

Choose several goals for your project. Goals should be established at the beginning of your project. They should be challenging, yet attainable. Goals should include all aspects of your project. At the close of the project, the achievements should be compared with your goals.

- Raise my animal(s) to completion and exhibit at the fair.
- Have my animal(s) meet breed standards for the ideal breeding animal.
- Learn how to groom and clip my project animal(s).
- Take full responsibility for fitting and showing of my animal(s).
- Complete my record book to the best of my ability.
- Teach about my project in a professional manner.

**Animal Information**

For each animal in this project, a separate animal information page and health record must be included.  
Add copies of this page as needed.

**Project Terms and Explanations**

**Notes for Project Inventory**

1. **Project Year** - Based on a calendar year. Current project year is same year as current Fair.
2. **Date Acquired** - List the date you obtained this item, on items older than 1 year, the year will be sufficient.
3. **Purchase cost or value** - What did this item cost when you obtained it? (Fair market value)
4. **Value at Beginning of Project** - Same as purchase cost for items purchased current calendar year. On items from previous years this should be the value from last year's ending inventory or depreciated value of 10% of purchase cost per calendar year.
5. **Depreciation of 10%** - This will be 10%, per calendar year, of the original purchase cost for the items you will still have at the end of the project. This includes items you had at the beginning of the project as well as items purchased during the current calendar year. Depreciation is the loss in value of your assets and is an expense.
6. **Value at the end of the project** - This is the value at the beginning of the project minus the depreciation.

**Examples:**

<b>Items Description</b>	<b>Date Acquired</b>	<b>Purchase Cost or Value</b>	<b>Value at beginning of project</b>	<b>Depreciation (10% of purchase cost, for this calendar year)</b>	<b>Value at end of project</b>

**Project Story**  
***(attach on your own paper)***

Your story should make a point and have interesting facts or experiences that give the judge an understanding of what you did and learned with this project. Remember grammar, spelling, and neatness will be observed by the judges. **Minimum of 3 paragraphs** (a paragraph is at least 4 sentences long).

Your story should follow this outline:

~ Introduce yourself with your name, club or chapter, how long you have done this project and why you chose this project.

~ What did you learn and how?

~ What safety practices did you use?

~ What is something you would do to improve this project?

~ What skills did you learn or improve from other projects?

~ What thought do you want to leave the judge about you and this project?

**Project Photos**

Photos show the beginning and end of your project and skills that you have learned. This should include a **minimum of 4 pictures and a maximum of 8 pictures**. Include a caption with each photo using complete sentences to tell a “story” about your project. For example: what skills you are demonstrating and why? DO NOT start caption with “Here I am ....”, “This is me .....", “In this picture.....”.
